British Society for Surgery of the Hand		1
Toe-to-hand transfers: more than 20 years follow-up of five post-traumatic cases	*A. Gülgönen and E. Gudemez*	2
Hand replantations following complete amputations at the wrist joint: first experiences in Hanoi, Vietnam	*N.T. Hoang*	9
Translated Article		
The utilization of free tendon transplantation	*E. Lexer*	18
The endoscopic management of cubital tunnel syndrome	*R. Hoffmann and M. Siemionow*	23
External fixation of closed metacarpal and phalangeal fractures of digits. A prospective study of one hundred consecutive patients	*K. Margić*	30
Inter-carpal soft tissue entrapment. A possible explanation for chronic dorsal wrist pain	*S.C.A. Terng, K.C. Kuypers and A.R. Koch*	41
In scaphoid non-union, does the source of graft affect outcome? Iliac crest versus distal end of radius bone graft	*A.D. Tambe, L. Cutler, S.R. Murali, I.A. Trail and J.K. Stanley*	47
The significance of extensor tendon tethering and dorsal joint capsule tightening after injury to the hand	*M. Kulkarni, S.B. Harris and D. Elliot*	52
Comparison between percutaneous transverse fixation and intramedullary K-wires in treating closed fractures of the metacarpal neck of the little finger	*T.C. Wong, F.K. Ip and S.H. Yeung*	61
Extensor tendon impingement in a gymnast	*S.M. Wilson, T. Dubert and M. Rozenblat*	66
Revision surgery after carpal tunnel release – Analysis of the pathology in 200 cases during a 2 year period	*N. Stütz, A. Gohritz, J. van Schoonhoven and U. Lanz*	68
Abductor pollicis longus tendon rupture in de Quervain's disease	*A. Yuen and C.J. Coombs*	72
Scaphoid and capitate fracture with concurrent scapholunate dissociation	*M. Osti, R. Zinnecker and K.P. Benedetto*	76
The S-Quattro in the management of acute intraarticular phalangeal fractures of the hand	*W. Khan and N. Fahmy*	79
Dorsal plating of unstable distal radius fractures using a bio-absorbable plating system and bone substitute	*S. Gangopadhyay, K. Ravi and G. Packer*	93
Management of tophaceous gout of the distal interphalangeal joint	*C.S. Mudgal*	101
X-ray diagnosis of acute scaphoid fractures	*G.C. Cheung, C.J. Lever and A.D. Morris*	104
Results of tri-ligament tenodesis: a modified Brunelli procedure in the management of scapholunate instability	*S.C. Talwalkar, A.T.J. Edwards, M.J. Hayton, J.H. Stilwell, I.A. Trail and J.K. Stanley*	110
Expression of familial middle–ring–little finger syndactyly as either simple syndactyly or synpolydactyly	*M.M. Al-Qattan*	118

A prospective assessment of carpal tunnel surgery with respect to age	*E.F.S. Wilgis, F.D. Burke, N.H. Dubin, S. Sinha and M.J. Bradley*	401
Percutaneous fixation of mallet fractures by the "umbrella handle" technique	*L. Rocchi, M. Genitiempo and F. Fanfani*	407
Can sarcoidosis cause autoamputation of a finger phalanx?	*R. Cetinkaya, A. Kavak, A.H. Parlak, T. Tuzuner, P.M. Arbak and M. Alper*	413
Diagnostic strategy for suspected scaphoid fractures in the presence of other fractures in the carpal region	*F.J.P. Beeres, M. Hogervorst, P. Den Hollander and S.J. Rhemrev*	416
Arthoscopic diagnosis of partial scapholunate ligament tears as a cause of radial sided wrist pain in patients with inconclusive X-ray and MRI findings	*Y. Abe, K. Katsube, K. Tsue, K. Doi and Y. Hattori*	419
Hand surgery on patients who are "high risk" for blood-borne viruses	*S.A. Al-Ani, D. Mohan and A.J. Platt*	426
Two-staged reconstruction of the flexor pollicis longus tendon	*F. Unglaub, C. Bultmann, A. Reiter and P. Hahn*	432
The effects of scaphoid and Colles casts on hand function	*A. Karantana, M.J. Downs-Wheeler, K. Webb, C.A. Pearce, A. Johnson and G.C. Bannister*	436
Reconstruction of disruptions of the deep transverse metacarpal ligament of the ring finger using the A1 pulleys	*I.C. Josty, J.H.E. Laing and C. Dent*	439
The distribution of bone islands and juxta-articular bone cysts in the growing hand	*D. Limb and Y. Agrawal*	441
Ligamentous reconstruction of scapholunate dislocation through a double dorsal and palmar approach	*A. Marcuzzi, A. Leti Acciaro, G. Caserta and A. Landi*	445
Reduction of the incidence of neuroma formation by proximal epineural stripping: an experimental study in rats	*A.M. Yildirim, M.İ. Okur, F. Özveren and R. Özercan*	450
Avascular necrosis of the pisiform	*L.A. Garcia and J.B. Vaca*	453
Letters to the Editor		455
Notices		I

THE JOURNAL OF HAND SURGERY

British and European Volume 31B Number Five October 2006

Contents

Profile	*A.T. Bishop*	465
A comparison of two limited open techniques for carpal tunnel release	*A. Zyluk and J. Strychar*	466
Feedback inhibition of high TGF-β1 concentrations on myofibroblast induction and contraction by Dupuytren's fibroblasts	*M. Wong and V. Mudera*	473
Phalangeal neck fractures in adults	*M.M. Al-Qattan*	484
Description of congenital hand anomalies: a personal view	*M.A. Tonkin*	489
Percutaneous needle fasciotomy in Dupuytren's disease	*A.L. van Rijssen and P.M.N. Werker*	498
Long-term results of tendon transfers in radial and posterior interosseous nerve paralysis	*M. Ropars, T. Dréano, P. Siret, N. Belot and F. Langlais*	502
The results of immediate re-repair of zone 1 and 2 primary flexor tendon repairs which rupture	*M.B. Dowd, A. Figus, S.B. Harris, C.M. Southgate, A.J. Foster and D. Elliot*	507
Dupuytren's contracture: an audit of the outcomes of surgery	*J.J. Dias and J. Braybrooke*	514
Congenital bilateral calcinosis cutis of the hands	*N. White, D.L. Chester and A. Khanna*	522
Gross and histological analysis of healing after dog flexor tendon repair with the Teno Fix™ device	*B.W. Su, F.J. Raia, H.M. Quitkin, M. Parisien, R.J. Strauch and M.P. Rosenwasser*	524
Injury of the dorsal sensory branch of the ulnar nerve as a complication of arthroscopic repair of the triangular fibrocartilage	*E. Tsu-Hsin Chen, J.-D. Wei and V.W.S. Huang*	530
Cold intolerance of the hand measured by the CISS questionnaire in a normative study population	*A.C.J. Ruijs, J.-B. Jaquet, H.A.M. Daanen and S.E.R. Hovius*	533
Collateral ligament avulsion fractures from the heads of the metacarpals of the fingers	*D.J. Shewring and R.H. Thomas*	537
Transfer of a single flexor carpi ulnaris tendon for treatment of radial nerve palsy	*J. Gousheh and E. Arasteh*	542
A comparison of traditional digital blocks and single subcutaneous palmar injection blocks at the base of the finger and a meta-analysis of the digital block trials	*Z.G. Yin, J.B. Zhang, S.L. Kan and P. Wang*	547
Locking plates for corrective Osteotomy of malunited dorsally tilted distal radial fractures: a biomechanical study	*L.P. Müller, D. Klitscher, L. Rudig, D. Mehler, P.M. Rommens and K.J. Prommersberger*	556
Resurfacing the degloved thumb up to the interphalangeal joint level with twin extended neurovascular island flaps	*P. Kitidumrongsook, A. Patradul and K. Pataradool*	562
The gap after trapeziectomy: a prospective study	*R. Anwar, A. Cohen and J.E. Nicholl*	566
Scaphotrapeziotrapezoid joint arthritis: a pilot study of treatment with the scaphoid trapezium pyrocarbon implant	*L. Pegoli, I.P. Zorli, G. Pivato, G. Berto and G. Pajardi*	569
Accidental use of the median nerve as an interposition material in first carpometacarpal joint arthroplasty	*T. Toros, A. Vatansever and S. Ada*	574
Letters to the Editor		576
Notices		585

THE JOURNAL OF HAND SURGERY

British and European Volume 31B Number Six December 2006

Contents

Profile	*Marco J.P.F. Ritt*	587
Massive hand crush: the role of a free muscle flap to obliterate the dead space and to clear deep infection	*F. del Piñal, D. Pisani, F.J. García-Bernal, J. Regalado, F.J. Del Pino and H. Ayala*	588
Self-amputation of a healthy hand: a case of body integrity identity disorder	*E.D. Sorene, C. Heras-Palou and F.D. Burke*	593
Pain phenomena and sensory recovery following brachial plexus avulsion injury and surgical repairs	*M. Htut, P. Misra, P. Anand, R. Birch and T. Carlstedt*	596
Two significant complications following percutaneous needle fasciotomy in a patient on anticoagulants	*T. Symes and J. Stothard*	606
The anatomical site of constriction of the median nerve in patients with severe idiopathic carpal tunnel syndrome	*M.M. Al-Qattan*	608
The effect of short-term dependency and immobility on skin temperature and colour in the hand	*H.P. Singh and T.R.C. Davis*	611
Replacement of an extruded segment of radius after autoclaving and sterilising with gentamicin	*P. Kumar, D. Shrestha and S. Bajracharya*	616
Superficial acral fibromyxoma of the distal phalanx of the thumb	*F. Abou-Nukta, P. Fiedler, V. Parkash and J. Arons*	619
Electra trapezio metacarpal prosthesis: results of the first 100 cases	*P.-J. Regnard*	621
The relationship between pre-operative symptoms, operative findings and postoperative complications in schwannomas	*T. Sawada, M. Sano, H. Ogihara, T. Omura, K. Miura and A. Nagano*	629
Locking of the metacarpophalangeal joint of the thumb caused by a fracture fragment of the radial condyle of the metacarpal head after dorsal dislocation	*H. Hirata, M. Tsujii and E. Nakao*	635
Cerclage-wiring-assisted fixation of difficult hand fractures	*L.C. Teoh, P.L. Tan, S.H. Tan and E.C. Cheong*	637
Problematic bone fixation with pyrocarbon implants in proximal interphalangeal joint replacement: short-term results	*D.B. Herren, S. Schindele, J. Goldhahn and B.R. Simmen*	643
The potential role of nerve growth factor (NGF) in painful neuromas and the mechanism of pain relief by their relocation to muscle	*D.D. Atherton, O. Taherzadeh, P. Facer, D. Elliot and P. Anand*	652
The clinical significance of the palmaris longus tendon in the pathophysiology of carpal tunnel syndrome	*G.R. Keese, M.D. Wongworawat and G. Frykman*	657
Brachial plexus injury in snowboarding	*T. Ogawa, N. Ochiai and Y. Hara*	661
Multiple closed flexor tendon avulsions from their insertions by a high-energy explosion	*Y. Kankaya, M. Oruç, A. Uysal and U. Koçer*	663
Septic arthritis of the small joints of the hand	*M. Sinha, S. Jain and D.A. Woods*	665
Dorsal (AO/ASIF) pi-plate osteosynthesis in the treatment of distal intraarticular radius fractures	*A. Suckel, S. Spies and P. Münst*	673
A leiomyoma arising from the deep palmar arterial arch	*K. Yagi, Y. Hamada and N. Yasui*	680
Local anaesthesia for carpal tunnel decompression: a comparison of two techniques	*S. Patil, M. Ramakrishnan and J. Stothard*	683
Acute carpal tunnel syndrome secondary to pyogenic tenosynovitis	*G. Nourissat, E. Fournier, J.R. Werther, C. Dumontier and L. Doursounian*	687
Displaced fracture of the neck of the radius with complete 180° rotation of the radial head during closed reduction	*A.M. Navali and A. Sadigi*	689
